RE: Letter of Support- AOSA Rules Proposal
Coated Seed Purity and Germination Procedures-Proposal 14

Dear Chairperson Finneseth and AOSA Rules Committee,

Rose Agri-Seed, and our affiliated companies, have been innovative leaders in the international seed industry since the 1950s. Located in Canby, Oregon Rose Agri-Seed provides a wide range of products and seed services. With the introduction of our coating facility, late 2008, we have found explicit interest in proposal #14.

Please accept our full support for the AOSA Rules Proposal #14, coated seed purity and germination procedures. We feel the implementation of this proposal will systematically address lab procedures on coated seed.

Sincerely,

Lucas Solis
